## National Professional Qualification for Leading Primary Mathematics

### Who is it for?

This is a specialist NPQ for teachers who have, or are aspiring to have, responsibility to lead maths across a primary key-stage or school. They should have already engaged in the primary Teaching for Mastery programme or similar.

### Benefits for Teachers

- Gain a nationally-recognised, prestigious, government-backed qualification to help you progress in your career.
- Use research-informed approaches to develop knowledge and understanding of how to apply evidence from frameworks to support effective Mansfield teaching, learning, curriculum and assessment in classrooms.
- Develop leadership, coaching and mentorship skills.

### Benefits for Schools

- A skillful and research-informed professional who can lead improvements in teaching, learning, curriculum and assessment.
- Developing skills to lead people and teams, creating change and impact.
- Create a school culture with a positive attitude to maths.
- If you work in a school serving disadvantaged communities, you can apply for free 1:1 support from an experienced former school leader to coach you throughout the programme.

### Funding

**2023-24 may be the final fully funded year!**

We expect it will be very competitive, and so we recommend making early applications.

**Did you know there is funding available for teachers/leaders to complete multiple NPQs?**

Visit our [website](#) to find out more.

### Why choose us?

“ Our mission is to attract, develop, and retain the best teaching practitioners and education leaders across the WM4 region. Through research-based initiatives and programmes we hope to improve and raise teaching standards for all teachers, from those entering the profession to existing professionals developing further in their careers. ”

## National Professional Qualification for Leading Primary Mathematics

### Funding

#### Targeted support fund offer

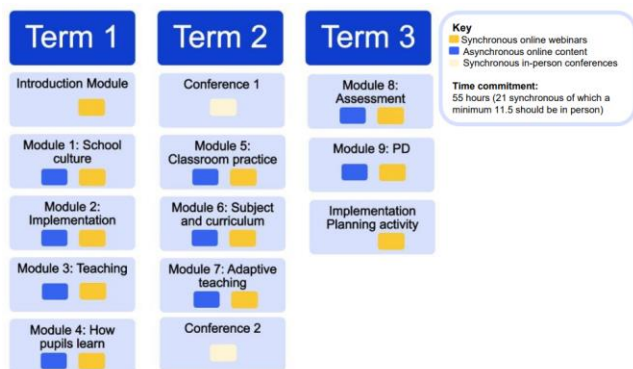

For each teacher/leader who takes an NPQ\* in 2023-24, their school will additionally receive:

- £800 grant payment for state-funded primaries with 1-150 pupils.
- £200 grant payment for state-funded primaries with more than 150 pupils.
- £200 grant payment for state-funded secondaries with 1-600 pupils.

Find out more [here](#).

\*not applicable to the NPQ Early Headship Coaching Offer

### Course and Approach

The course supports the understanding of effective leadership in maths. It will weave together curriculum, assessment and adaptive teaching to facilitate the development of others to build a deep understanding of concepts, number sense and positive attitudes towards maths.

### Applications

Apply via our website, [here](#).

"I have developed the ability to interrupt my assumptions about a given problem, to return to the evidence, rather than alighting too quickly on the solution easiest to hand."

"Thank you very much. I left feeling energised with a renewed sense of purpose."
